

Using Natural Light

Date: **Saturday, April 5, 2008**

Time: 9am to 11am *Check in begins at 8:45am*

Class location: The Enviro Center
7761 Waterloo Road, Jessup MD 2079

Daylight Tube Installation Demonstration Workshop

Interested in saving money on electricity? Want natural lighting during the winter?
Learn how to install a daylight tube in your own home or business!

Benefits

- Free natural lighting (non-electric)
- Quality of light (100 CRI) helps reduce Seasonal Affective Disorder (SAD)
- No condensation or leaks
- Easy to install
- Better insulation than traditional skylights
- No major structural changes, drywall finishing, or repainting required
